Summary

Enthusiastic Python and Frontend developer with hands-on experience in building web applications using HTML, CSS, JavaScript, and Python. Passionate about clean code, responsive design, and collaborative development. Looking to contribute as a web development intern while continuing to grow technical skills in a real-world environment

Education

Bachelor of Technology in Computer Science Engineering, *Parul University* 2021 – 05/2025
CGPA : 7.40 Vadodara, India

Certificates

| | | |
|---|--|--|
| ‘Introduction to Cybersecurity’ by CISCO Networking Academy, India Feb 2024 | ‘Data Analytics with python’ by Indian Institute of Technology, India Apr 2024 | ‘Responsive Web Design’ by freeCodeCamp, India Nov 2024 |
|---|--|--|

Skills

- Microsoft Tools: Excel, Word, PowerPoint
- Frontend language: HTML, CSS, Javascript,
- Backend language: Java, C, Python

Additional Skills

• Team Collaboration • Communication • Problem-Solving • Leadership • Creative Thinking

Projects

Personal Expense Tracker with Data Visualization

- **Tech Used:** Python, pandas, matplotlib, seaborn, CSV
- **Features:** Transaction logging, filtering, pie/bar charts
- **Developed a CLI-based Personal Expense Tracker in Python** using pandas to log, filter, and manage income and expenses with date-based transaction recording.
- **Implemented data visualizations using matplotlib and seaborn** to display monthly/weekly spending trends and category-wise distribution via pie and bar charts.
- **Designed dynamic filtering features** (by type, category, and date range) and ensured persistent storage using CSV for a lightweight yet functional tracking system.

Professional Experience

Full-Stack Web Development

Completed a 3-month virtual internship focusing on full stack web development using technologies like HTML, CSS, JavaScript, and backend frameworks. Contributed to building responsive web applications and gained hands-on experience in frontend-backend integration and code version control.

12/2024 – 03/2025
Telangana, India
